

## Amy

[Verse]

Let's skip the small talk  
There's no need, anyway  
I had you at 'baby'  
You had me at 'hey'

[Refrain]

Can you imagine us flying  
The city below  
I follow you darling  
Where ever you go

[Chorus]

Amy, Amy  
So fine, so fine  
So fine and you're mine

Amy, Amy  
So fine, so fine  
So fine, so fine

You're so fine to me

[Verse]

Your body is trembling  
Oh Amy I've got a one track mind  
Am I happy to see you  
Or is it my flashlight?

[Refrain]

Not much of a virgin, honey  
I have to admit  
We've had our share of lovers  
But I know this is it

[Chorus]

Amy, Amy  
So fine, so fine  
So fine and you're mine

Amy, Amy  
So fine, so fine  
So fine, so fine

You're so fine to me

[Solo]

(Oh Amy i've got a one track mind)

Oh, won't you let me be your lover  
And I'll hold you like no other  
I'll hold you like no other can

Oh, if you let me be your lover  
Let me be your lover  
Let me be your lover man  
Won't you let me be your lover  
And I'll hold you like no other  
I'll hold you like no other can

Oh, if you let me be your lover  
Let me be your lover

[Bridge 4x]

This is all night, this is all night  
(So fine, so fine, so fine and you're mine)

So fine to me

[Refrain]

I am sure you're an angel  
What else can you be?  
Moments we kiss  
Feel like a lifetime to me

[Chorus]

Amy, Amy  
So fine, so fine  
So fine and you're mine

Amy, Amy  
So fine, so fine  
So fine, so fine

[Chorus]

Amy, Amy  
So fine, so fine  
So fine and you're mine

Amy, Amy  
You're so fine to me  
(Amy)
