

Breathe

My eyes are tired
I've been crying forever
You don't know me
Please just hold me
I don't care

I need to, need to
Shit, I don't know what I need
But you have to stay
Until I feel like my self again

I can't breathe
I can't breathe

You used to catch me
So I fall on purpose
No I don't miss him
I turned it off
I don't care

I can't feel, can't feel
Don't have a heart anymore
And I can't pretend
I'm never feel like my self again

I can't breathe
I can't breathe

There's just to much space in my bed
Shit, I'm very tired
But everything is moving closer
It's really over
Shit, my heads is on fire
And I'm always scared of everything

The anxiety is kicking in
I don't want to
I don't want to feel the sad
I can't breathe

I can't breathe
I can't breathe...
