

Leaving You for Another

Time, I cant change time
Baby i just wanna be loved
Maybe just a little's enough

Time, just give it time
Ooh i just wanna be loved
Maybe just a little too much

Don't speak a word of tomorrow
Just hold me like yesterday
Don't speak a word of tomorrow
I see the words on your face

I'm leaving you for another
Ah Ah Ah
I'm leaving you for another
Ah Ah Ah

Mind, I lost my mind
Maybe when you loosened your touch
Baby why'd you loosen so much

Time, lost track of time
Funny I still feel that you're mine
Maybe I can loose that in time

Don't speak a word of tomorrow
Just hold me like yesterday
Don't speak a word of tomorrow
I see the words on your face

I'm leaving you for another
Ah Ah Ah
I'm leaving you for another
Ah Ah Ah

Don't speak a word of tomorrow
Just hold me like yesterday
Don't speak a word of tomorrow
I see the words on your face
